

## ESW SOUND • LIGHT • VISUALS

Martin Nicholls and his team at ESW have been involved in the conference world for many years. They have built an amazing reputation for both quality and value. From a small dry hire to a lavish custom built stage set they can provide a worry free solution to your conference AV. Based in Devon, with an office in Bristol they can provide quality equipment where ever it's required in the South West.

The equipment listed and shown here is just a small sample of the services we offer. Please don't hesitate to contact us on **0845 226 9154** or visit our website **www.eswsolutions.net**

Our Generic Stage Sets Offer fantastic value and turns the Westlands ballroom in to a professional seminar room. The packages below include technicians and the equipment listed. Naturally the packages can be tailored to suit your individual requirements.

The packages includes a full, lit stage set with 12" High brightness screen, and matching lectern. The lectern will house a TFT confidence monitor showing the same image as the main screen. Presentations will be loaded and operated from the main control at the rear of the room. There will be a simple 2 button cue system on the lectern allowing forward and back operation of the slides. This system guarantees a clean perfect transition between speakers presentations. A quality PA system is provided, including a lectern microphone, and two hand held wireless microphones for question and answer sessions.

After many years of providing technical support for the Westland Conference and Leisure Complex, ESW Solutions can ensure that the AV aspect of your event is a worry free and professional experience.

A high spec conference PC is an integral part of the package.

Prices quoted are per day. There will be an additional charge for set up on the first day (or the evening prior your event if the room is available) of £150.00. All prices quoted exclude VAT @ 17.5%
